

# **LED BULB LIGHT**

SIZE : 80 \* 140 \* 80mm WEIGHT: 70grmas POWER / USB or AAA x 2

It feels like a neon light, but of course it's not neon. The LED sign light is very compact, but it brightly colors the room. It's reminiscent of a neon sign on a desk, but the design motifs are POP and cute. You can easily turn on the light using USB or batteries, so you can install it in any location.

電源供給は単四電池×2本またはUSB接続
